

# Brenda Lumbreras

## Phlebotomy Tech Laboratory

- Years at Hoag: 7
- Studying to be registered nurse
- Scholarship will help her reach her goal of becoming a nurse
- Single mom
- Daughter works at Hoag as a nurse
- Quoted Val Saintsbury: "Nurses dispense comfort, compassion and caring without even a prescription."

Dear Kingston Technology,

Thank you for this kindly gift provided to me and my family. I am truly blessed to be selected to receive this scholarship. Especially in this pandemic that has made it very difficult for my family, your generous donation gives me hope that there are still angels helping others like me. One day, I hope to become a nurse that reflects the same compassion your organization has shown me.

Currently, I am working diligently to provide the highest quality of care as a phlebotomist at Hoag Hospital Newport Beach. Your support inspires me to continue striving towards that goal. There is no limit when it comes to helping those in need!

Without this scholarship, my academic journey would have been prolonged due to the financial burdens of COVID-19. Thank you for supporting my lifelong dream of helping others as a nurse. I will be sure to pay it forward to all the patients that I will care for in the future.

Sincerely,  
Brenda
