

Venesha Antenoracruz

Business Associate Business Services

- Years at Hoag: 2
- Pursuing a bachelor's in psychology
- Scholarship will provide the financial resources necessary to help her achieve her degree
- Psychology has always been a huge passion for her
- With this degree, she hopes to further her ability to serve the Hoag community in becoming part of the After-School Program: Intervention and Resiliency Education, or ASPIRE Program, as a mental health therapist

Dear Kingston Technology,

I am honored to be recognized as a 2020 Kingston Technology–Hoag Classic scholar. I am writing to thank you for your generous support towards my higher education.

The Kingston Technology–Hoag Classic Scholarship is important to me because it will provide the financial resources necessary for me to achieve a bachelor's in psychology.

With this degree, I hope to further my ability to serve the Hoag community in becoming a part of the After-School Program: Intervention and Resiliency Education, or ASPIRE Program, as a mental health therapist.

Thank you for your generosity in providing this academic award. Your financial generosity has allowed me to be one step closer to my education and professional aspirations. This award has also inspired me to use my education to help others by giving back to the community. With this scholarship, I will continue to build my understanding of psychology and improve the health and well-being of not only myself but also the community at Hoag.

Sincerely,
Venesha Jasmine Antenoracruz
